Good Roads and Some Others

The bunco artists of Utah and Elko county who have been boasting for the passing of the transcontinental touring party by the northern route will have some explaining to do when the machines come that way. The northern papers are filled with kicks about the condition of the roads, and strange as it may appear several of these appear in the same columns with laudatory resolutions passed to inveigle the eastern party into taking the route through Elko. Here is a sample of the dope sheet in the deadly parallel column which tells the story without further comment:

"Whereas, the Midland Train as designated by the legislature, session 1913, is of great benefit to the people of the counties of Davis, Weber, and Box Elder, Utah, and that its continuation into Nevada through Elko, Humboldt and Washoe counties is the most suitable route for the same to transverse the state of Nevada; and,

"Whereas, the route laid out above for conditions of roads and ability to maintain the same, scenery, hotel and garage accommodations, is far superior to all other proposed routes; and,

"Whereas, the above route has the approval of the Utah state road commission and all commercial organizations of Salt Lake City, Ogden and northern towns; now, therefore, be it

"Resolved, that we, the commissioners of Davis, Weber and Box Elder counties, Utah, and of Elko, Nevada, do pledge our best efforts to improve and maintain the route through our several counties."

Call a Special Session

It is up to Governor Oddie to act and act promptly. The smell of the exposed corpse of the State Bank and Trust company smells aloud to heaven and the people have to close their nostrils against the mephitic vapor. The rottenness of the whole conduct of the receivership was not fully understood until the report of the investigators was submitted on Monday. Then the perfidy of the administration of what should have been a public trust became evident. Five years of looting, gutting, grafting and illicit dealings of all kinds nauseate decency. If this cadaver of an odious and felonious compact is to be removed from the face of Nevada and the atmosphere purified it behooves the governor to do something and do that without any further loss of time.

There must be a special session of the legislature and that special session cannot be held too soon.

Further delay means robbery of the depositors of the scant chance they may have for the recovery of another small percentage of their savings. They have endured all kinds of losses with a stoicism and fortitude deserving of the highest praise. They have endured hunger and privation trusting in the honor of the district court to grant redress but this course is no longer possible in view of the disclosures which show the agents of the court are unfit for the positions in which they have been held in face of popular clamor and opinion. Something must be done and done at once. It is not a question of warm weather or the summer vacations of legislators but an act of justice long delayed. Holiday making can be postponed until after the long deferred reprisal is visited upon the heads of the rascally cabal that has ruled Nevada with such a high hand. The free booters of the capital must be brought to book and pilloried in the sight of the thousands who have suffered long and silently that these men might enjoy the luxury of autos, servants, palatial homes and fat bank accounts.

The governor must act forthwith. This is not the time to sit supinely by and condone the misconduct of courts and receivers by temporizing. Everybody was prepared for the report of the official investigators so there is no reason why the executive branch of the government should stand idle with excuses for delaying the day of settlement.

Let the Fourth of July be glorified with a new declaration of independence for the people of Nevada. The better the day the better the act. Let Governor Oddie issue his proclamation calling together the legislature in extraordinary session.

The cost of such a session would be a trifling matter compared with

the enormous good that would accrue to multitudes of citizens. Repetition must be immediate. The transgressors have gone unpunished too long. Kick the bandages from the eyes of Justice and kick the boobies off the legislature. Let us have a new deal all around. Something may be saved from the wreck but if there is any delay nothing will remain.

Notwithstanding all that has been written concerning the rascality of the receivership no one was quite ready to conceive such an orgy of wickedness as that bared by the investigators. They did their work thoroughly and well. They bowed close to the line and let the chips fall right and left. They acted with the ruthless cruelty of a surgeon applying the knife to eradicate a cancerous growth. No one was spared. Both officials are well known democrats but the report shows the truthfulness of their inquiry. Democrats and republicans alike come in for their share of the responsibility. There is no effort to sidestep the liability and the painstaking way in which every act was performed in the drama of deceit to dupe depositors is clearly set forth with unmistakable clearness.

Vultures feasting over the bloated remains of a dead horse could not have had a greater orgy than the leeches who fastened their grasp on the defunct bank. The depositors have waited with law abiding patience for this report and the least satisfaction they can have is to have prompt and effective redress.

Call the legislature and let the people have the satisfaction of knowing their waiting has not been in vain.

Let the Ormsby county ring which has dominated the politics of Nevada too long take a back seat. Ormsby county has scandalized the state ever since the days of the Comstock. Justice seems paralyzed in that county where the chief efforts are devoted to the protection of felons who should be doing time in the penitentiary. Look at the exposures of the last legislature where double dealing, graft and other venality was indulged with impunity and the perpetrators allowed to go unpunished. This is a case for Southern Nevada to cry out against any delay. The people of this section suffered more than elsewhere and they are the ones who now insist upon redress and restitution.

Governor Oddie knows the sentiments of this part of the state and he should know that he has but one course open and that is to follow the suggestions contained in the report of the attorney general and CALL A SPECIAL SESSION OF THE LEGISLATURE TO REMOVE JUDGE LANGAN FROM THE BENCH WHICH HE HAS DISHONORED.

LOOK YEARS YOUNGER! GRAY HAIR DARKENED BEAUTIFULLY WITH SAGE

Says Sage and Sulphur Will Stop Falling Hair and Cure Dandruff.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, then left to age and carefully filtered will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair.

Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggy and thin. Mixing the Sage Tea and Sulphur recipe at home though, is troublesome. An easier way is to get the ready-to-use tonic, costing 50 cents a large bottle at drug stores, known as "Wyeth's Sage and

Sulphur Hair Remedy," thus avoiding a lot of muss. Some druggists make their own, but it isn't nearly so nice as "Wyeth's."

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur no one can tell, because it does it so naturally; so evenly. You just dampen a sponge or soft brush and draw it through your hair, one strand at a time. Do this tonight and by morning all gray hairs have disappeared, after another application or two it will be restored to its natural color and be even more glossy, soft and luxuriant than ever.
